Pets Reunited!

Last month we helped reunite Kirk the border terrier with his owners, who went missing for a couple of days. He was found trapped under some by his own lead under some bushes, but now is back safe at home. His owners would like to thank everyone who helped and are delighted to have found him in time.

We also helped reunite the sheepdog pup from Hawton in Ribblesdale with his worried owner. His 4x4 and trailer had been stolen from outside a pub in the Dales but little did the thieves know that the trailer also contained his pup. The puppy was found 10 miles away near Settle and although the truck and trailer have not been recovered the owner was just glad to be reunited with his sheepdog.

Please let us know about any lost pets and check out our link on the website by clicking on Kirk, as we have a new section on the help desk solely for lost pets.
